BK DESIGNWORKS CELEBRATES 1 YEAR IN BUSINESS WITH NEW EQUIPMENT AND NEW SERVICES

Wide format color printer, 16"x20" Heat press and ASI Authorized Dealer
of Promotional Products for Businesses and Fundraisers

Canton, CT July 27– BK DESIGNWORKS has marked a milestone in reaching their first full year in business and would like to thank the local community for helping them achieve that goal. It started as a part-time venture in January 2005 for Karen Berger and Diane Kowalczyk of Avon, and by June 2005 the decision to open full time was made. Business has been booming ever since!

BK DESIGNWORKS jumped into the wide format arena in January 2006 with the purchase of its Ricoh 240W wide format digital blueprint copier capable of copies from 11" to 36" wide. Now BK DESIGNWORKS offers in-house wide format *COLOR* printing up to 24" wide with the purchase of a Canon W6200, ideal for window signs and banners. Additionally, a new heat press was added to the equipment list making it possible to create customized mousepads, t-shirts, truck magnets and other novelties. This means that you can get a custom mousepad or t-shirt as quickly as tomorrow. BK DESIGNWORKS is also now an ASI authorized dealer of Kaeser & Blair and Norwood promotional products providing area businesses with a *LOCAL* source for their marketing needs.

Whether you come in for quick copies, need a holiday card designed, or business stationery, you will be greeted with professionalism and an easy smile. Diane Kowalczyk, partner, stated "Our specialty is the ability to offer fast turnarounds with no minimums to local businesses and individuals who may not need 1,000 of a particular item. With these new services, we expand BK's menu of options while offering them at affordable prices. In celebrating our one year anniversary, we realize a lot has changed, however what remains constant is our belief and practice of Integrity. Price. Quality."

The business is located at 290 Albany Turnpike, Route 44 in Canton (midway between Canton Village and BreMar Rental). To make services more accessible to those pressed for time BK DESIGNWORKS is conveniently open six days a week and evenings. The hours of operation are: Mon.-Fri. 8am-6pm, Sat. 9am-4pm. The phone number is (860) 693-6342 and the email address is bkdesignworks@comcast.net. For more information about the company and services visit the website at www.bkdesignworks.com.
